“Pursuing the Best”

So recently, I had the opportunity to expand some business with a current customer of mine. This customer is a metal cutting/fabricating shop. While there, I happen to notice several things. The floor was sticky, excessive

Customers think that these things are just normal behavior for the products that they use. However, they are anything but normal. It’s a matter of perception.

After a discussing the issue, the customer finally admitted that he hadn’t been

How can we afford NOT to pursue the pureness of God’s very gifts to us? These fruits are not only quality, they are His very nature at work IN us!

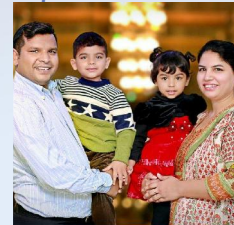

residue was on the inside the windows of some of his machines, there was clogging on injectors, and an issue of oil and coolant mixing, instead of separating as they should.

After speaking at length with him, I mentioned that sometimes products give themselves away in lack of quality by the symptoms they exhibit (like those mentioned).

happy with the other product they had been using, but due to the costliness of other products, they just simply tolerated it as normal.

I think the same can be said about how we live our lives sometimes. We get stuck in patterns of thinking that we deem “normal,” despite what it is costing us in terms of the fruits of the spirit.

Please remember these dear friends in your

Often times, we allow fear, doubt, anger, jealousy, discouragement, etc. to creep into our lives and rob us of all of the fruit that God wants to bear in and through us. But we don't do anything about it because we just think it's normal.

Not only do we purchase the bill of goods the enemy sells us, we also buy the lie from him that these "anti-fruits" are just a part of our everyday lives and we just have to

simply tolerate them. We sacrifice love, joy, peace, patience, kindness, goodness, gentleness and self-control (Galatians 5:22) because we have settled for the substitutes the enemy has sold us in the first place.

My question is; how can we afford NOT to pursue the pureness of God's very gifts to us? These fruits are not only quality, they are His very nature at work IN us! Jesus said in John 10:10 – "The thief

comes only to kill and destroy; I have come that they may have life, and have it to the full."

So, if we live our lives by the Spirit, then we not only have life, but an even MORE abundant life than we would have had if we had settled for the sub-standard anti-fruits we bought from the thief in the first place.

Plum and I had the wonderful opportunity to minister to this fine group of people who meet in the home of Terry and Rebecca Burcham (front row, 3rd and 4th from the left). The Lord ministered in a wonderful way.

IT IS FINISHED

It is finished!
Was the cry of victory.
It is finished!
And we can be free.
From sin, hell, death and the grave.
Christ died for us
His life He gave.
It is finished!
He arose victorious from the tomb.
It is finished!
A day of rejoicing, not one of gloom.
On that Easter morn for us Christ arose.
And words can't tell what His love shows.

You can rise to new life with Him right now.
"But", you say, "When, where or how?"
Come give Him your sorrows, burdens and sin.
He will give in return, eternal Life within.
To God be the glory for what He has done,
In giving Jesus Christ, His only Son.
It is finished! was His hearts cry,
As He lay down His life, our freedom to buy.

*President and Vice-President of
His Restoration Ministries, Inc.*

It has been our happy privilege to serve the Lord and lead His Restoration Ministries for the past fifteen years. We are grateful to the Lord for His blessing.

What started out as a way for EvaNell and I to provide giving credit and accountability to our supporters and friends has become much more than that.

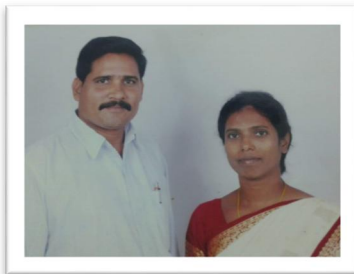

There are now six ministers credentialed through our ministry and we have been led by God to extend our outreach of the Gospel of the Kingdom to India and Pakistan and, now, through our dear friend, Jeff Pugh, who has a ministry providing supplies to orphanages in the Philippines. Check out the pictures below that highlight what is going on in India and Pakistan.

Please join us in prayer for these ministry partners and the efforts they are making to build the Kingdom of God.

If you would like to lend support for any of these outreaches or give to His Restoration Ministries you can do so by going to our website @ www.hisrestorationministries.org and clicking on the donate button.

We thank each of you for your interest, love and support.

Pastor Vemu and his people need to be able to finish this building. They are using it but there is no electricity or water. They recently were able to finish plastering the outside and install windows and door. Would you consider making a donation to help this work?
